NEWSLINE

October.26.2025

ADMISSION FEE

¥1,500

This year, HotSpotMeeting was held again. This year marks the 10th anniversary. With each meeting, the content has become richer, and now it has become an event that attracts attention from all over the country. This is all thanks to everyone who has supported us. It started with a small gathering, and the rain didn't stop us, so we were able to continue. We were blessed with many people who came, and it was a great experience. We were able to meet many people from different parts of Japan, and it was a great opportunity to share our passion for cars. We were able to meet many people from different parts of Japan, and it was a great opportunity to share our passion for cars. We were able to meet many people from different parts of Japan, and it was a great opportunity to share our passion for cars.

The subtitle for the 10th anniversary event is ALWAYS. We want people to remember HotSpotMeeting not only during events, but also in their everyday lives. We want it to continue in the future. This subtitle is based on that.

special thanks!
